2. In this Connection it is for Consideration whether the Standing Orders in addressing the Sanitary Commr. direct instead of through the Municipal President. The Order of 1907 which created the appointments of Health Officers for the two Cities clearly states that they should work directly under the respective Municipal Presidents. The Order of 1909 under which they are regarded as "Govt. servants paid by Govt. out of funds contributed by the Municipal Councils" was passed with a view merely to secure to them a seat on the Municipal Council, a Condition precedent to their appointment as Vice-Presidents, and that interpretation has been very carefully safeguarded. Even as ex officio Vice-Presidents in sanitary matters, they are subordinate to the Presidents and should correspond with subordinate Officers through them only (vide para 4 of that order). The spirit of the recent order regarding the status of the Public Health Deptt. in the Districts is also in the same direction, viz. to
